## From the Desk of Dr. Steven Greer:

On May 21, 2014, we received a cache of Top Secret documents related to “Project Aquarius” , a purported Majestic 12 (MJ-12) covert project related to UFOs/ETs.

Previously, summaries of the documents have appeared on the Internet. However, we received photos of the actual documents. To our knowledge, this the first time the ACTUAL (not just a transcript) of the full cache of documents has been released . These documents, as well as their transcription, can be viewed below.

It is NOT KNOWN if these are legitimate US government documents. We note several typos and other errors. These typos do not, per se, discredit the documents since typos routinely occur, especially in government documents.

It should be noted that the information in the documents conform to other known evidence and events and is substantially correct.

We are seeking anyone with DIRECT FIRST HAND knowledge of the provenance of these documents, or anyone personally connected to Project Aquarius and the other code-named projects mentioned in these documents, or any related ops.

Second-hand opinions are of less value, though all are entitled to his or her opinion. What would be most helpful is corroboration by any first-hand sources.

The person who sent us these documents has numerous legitimate contacts in covert aerospace and military projects related to UFOs and is a credible and reliable source.

We are releasing these documents quickly for security reasons, as we feel it is not wise to let significant time pass between our receipt and public release of the documents. If they are legitimate, they are potentially historic and explosive.

Thank you for your help in locating any first-hand corroborating sources for these documents- and for any corroboration of the other code-named projects, events and operations described in the documents.

PROJECT AQUARIUS

(TS//ORCON) (PROWORD: DANCE) Contains 16 volumes of documented information collected from the beginning of the United States Investigation of Unidentified Flying Objects (UFOs) and Identified Alien Crafts (IAC). The Project was originally established in 1953, by order of President Eisenhower, under control of NSC and MJ12. In 1960, the Project's name was changed from Project Green to Project Aquarius. The Project was funded by CIA confidential funds (non-appropriated). The Project was originally classified SECRET but was upgraded to its present classification in Dec 1969 after Project Blue Book was closed. The purpose of Project Aquarius was to collect all scientific, technological, medical and intelligence information from UFO/IAC sightings, and contacts with alien life forms. This orderly file of collected information has been used to advance the United States Space Program.

(TS//ORCON) The proceeding briefing is an historical account of the United States Government's investigation of Aerial Phenomena, Recovered Alien Aircrafts and Contacts with Extraterrestrial Life Forms.

## EXECUTIVE BRIEFING

(TS//ORCON) In Jun 1947, a civilian pilot flying over the Cascade mountains of Washington State observed nine flying discs, (later referred to as UFOs). The Commander, Air Technical Intelligence Center of the then Army Air Force, became concerned and ordered an inquiry. This was the beginning of the United States involvement with UFO investigations. In 1947 an aircraft of extraterrestrial origin crashed in the desert of New Mexico. The craft was recovered by the military. Four Alien (non homo-sapiens) bodies were recovered in the wreckage. The Aliens were found to be creatures not related to human beings (Atch 1). In late 1949, another Alien aircraft crashed in the United States and was recovered partially by the military. One Alien of extraterrestrial origin survived the crash. The surviving Alien was male and called itself, "EUC". The Alien was thoroughly interrogated by military intelligence personnel at a base in New Mexico. The Alien's language was translated by means of picturegraphs. It was learned the Alien came from a planet in the Zeta Reticuli star system, approximately 40 lights years from Earth. EUC lived until Jun 18, 1952, when he died fo an unexplained illness. During the time period EUC was alive, he provided valuable information regarding space technology, origins of the Universe, and exobiological matters. Further data is contained in Atch 2.

(TS//ORCON) The recovery of Alien aircrafts lead the United States on an extensive investigative program to determine whether these Aliens posed a direct threat to our national security. In 1947, the newly created Air Force initiated a program to investigate incidents involving UFOs. The program was operated under three different code names; Grudge, Sign and finally Blue Book. The original mission of the Air Force program was to collect and analyze all reported sightings or incidents involving UFOs and determine whether the information could be interrupted as having any bearing on the security of the United States. Some information was evaluated with the idea of using the gained data to advance our own space technology and future space programs. 90 percent of the estimated 12,000 reports analyzed by the Air Force, were considered hoaxes, explained aerial phenomenas or natural astronomical objects. The other 10 percent were considered legitimate Alien sightings and/or incidents. However, not all UFO sightings or incidents were reported under the Air Force program. In 1953, Project Gleem was initiated by order of President Eisenhower, who believed the UFOs presented a threat to the national security of the United States. Project Gleem, which became Project Aquarius in 1966, was a parallel reporting system for UFO sightings and incidents. Reports collected under Project Aquarius were considered actual sightings, of Alien aircrafts or contacts with Alien Life Forms. Most reports were made by reliable military and defense department civilian personnel.

(TS//ORCON) In 1958 the United States recovered a third Alien aircraft from the desert of Utah. The aircraft was in excellent flying condition. The aircraft was apparently abandoned by the Aliens for some unexplainable reason, since no Alien life forms were found in or around the aircraft. The aircraft was considered a technological marvel by United States Scientists. However, the operating instrumentations of the aircraft were so complexed that our scientists could not interrupt their operation. The aircraft was stored in a top security area and analyzed throughout the years by our best aerospace scientists. The United States gained a large volume of technological data from the recovered Alien aircraft. A detailed description and further information regarding the aircraft is explained in Attachment 1.

(TS//SI//Coh) Several independent scientific investigations, at the request of the Air Force and CIA, were initiated during the era of Project Blue Book. NSC decided that officially, the Air Force should end their investigation of UFOs. This decision was arrived at during the NSC meeting (AEC 4) in 1966. The reason was twofold. First, the United States had established communication with the Aliens. The United States felt relatively sure the Aliens exploration of earth was non-aggressive and non-hostile. It was also established that the Aliens presence did not directly threaten the security of the United States. Secondly, the public was beginning to believe that UFOs were real. The NSC felt this public feeling could lead to a nationwide panic. The United States was involved in several sensitive projects during this time period. It was felt that public awareness of these projects would have jeopardized the future space program of the United States. Therefore, NSC decided that an independent scientific study of the UFO phenomena would be needed to satisfy public curiosity. The final official study of the UFO phenomena was accomplished by the University of Colorado under Air Force contract. The study concluded that sufficient data did not exist that would indicate UFOs threatened the security of the United States. The final conclusion satisfied the government and allowed the Air Force to officially step out of the UFO investigation business.

(TS//ORCON) When the Air Force officially closed Project Blue Book in Dec 1969, Project Aquarius continued operation under control of NSC/MJ12. The NSC felt investigations of UFO sightings and incidents had to continue in secrecy without any public knowledge. The reasoning behind the decision was this: If the Air Force continued its investigation of UFOs, eventually some uncleared and unbriefed Air Force or defense department civilian officials would obtain the facts behind Project Aquarius. Obviously (for operational security reasons) this could not be allowed. In order to continue the investigation of UFO sightings and incidents in secrecy, investigators from CIA/DCI and MJ12 were assigned to military and other governmental agencies with orders to investigate all legitimate UFO/IAC sightings and incidents. These agents are presently operating at various locations throughout the the United States and Canada. All reports are filtered either directly or indirectly to MJ12. These agents are collecting reports of UFO/IAC sightings and incidents occurring on or near sensitive governmental installations. (NOTE: Aliens have been extremely interested in our nuclear weapons and nuclear research. Many reported military sightings and incidents occur over nuclear weapons bases. The Alien's interest in our nuclear weapons can only be attributed to the future threat of a nuclear war on earth. The Air Force have initiated measures to assure the security of the nuclear weapons from Alien theft or destruction). MJ12 feels confident the Aliens are on an exploration of our solar system for peaceful purposes. However, we must continue to observe and track the Aliens movement until it is determined that the Alien's future plans contain no threat to our national security or the civilization of earth.

{TS/ORCON} Most governmental documents pertaining to UFO sightings, incidents and governmental policies, including Project Blue Book, have been released to the public under FOIA or under various other release programs. MJ12 felt the remaining documents and information (not relating to Project Aquarius) relating to technological facts regarding Aliens medical matters, the fact that an Alien was captured alive and survived for three years under secrecy, can not be released to the public for fear the information would be obtained by SHIS. There was other information obtained from EBE that was deemed sensitive and not releasable to the public. Notably, Project Aquarius Volume IX, which pertains to tracing the Aliens first visitation of earth back some 5,000 years. EBE reported that 2,000 years ago his ancestors planted a human creature on earth to assist the inhabitants of earth in developing a civilization. This information was only vague and the exact identity and background information on this homo-sapien was not obtained. Undoubtedly, if this information was released to the public, it would cause a worldwide religious panic. MJ3 has developed a plan that will allow release of Project Aquarius, Volumes I through III. The release program calls for a gradual release of information over a period of time in order to condition the public for future disclosures. Atch 5 of this briefing contains certain guidelines for future public releases.

(TS//ORCON) In the 1976 MJ3 report (Atch B), it was estimated the Alien's technology was many thousands of years ahead of United States technology. Our scientists speculate that until our technology develops to a level equal to the Aliens, we cannot understand the large volume of scientific information the United States has already gained from the Aliens. This advancement of United States Technology may take many hundreds of years.

SUB PROJECTS UNDER PROJECT AQUARIUS

1. (TS//ORCON) PROJECT BANDO: (PROWORD: RISK) Originally established in 1949. Its mission was to collect and evaluate medical information from the surviving Aliens creature and the recovered Alien bodies. This Project medically examined EBE and provided United States medical researchers with certain answers to the evolution theory. (OPR: CIA) (Terminated in 1974).

2. (TS//ORCON) PROJECT SIGMA: (PROWORD: MIDNIGHT). Originally established as part of Project Sleem in 1954. Became a separate project in 1976. Its mission was to establish communication with Aliens. This Project met with positive success when in 1959, the United States established primitive communications with the Aliens. On April 25, 1964, a USAF intelligence Officer, met two Aliens at a pre-arranged location in the desert of New Mexico. The contact lasted for approximately three hours. Based on the Alien's language given to us by EBE, the Air Force officer managed to exchange basic information with the two Aliens (atch ?). This project is continuing at an Air Force base in New Mexico. (OPR: MJ12/NASA).

3. (TS//ORCON) PROJECT SNOWBIRD: (PROWORD: CETUS). Originally established in 1972. Its mission was to test fly a recovered Alien aircraft. This project is continuing in Nevada. (OPR: USAF/NASA/CIA/MJ12)

4. (TS//ORCON) PROJECT POUNCE: (PROWORD: DIXIE). Originally established in 1968. Its mission was to evaluate all UFO/IAC information pertaining to space technology. PROJECT POUNCE continues. (OPR: NASA/USAF)
